About
The Shastri Conference and Lecture Series Grant (SCLSG) – Virtual Mode

The School of Business Management (SBM) in association with Shastri Indo-Canadian Institute (SICI) is proud to present the School's first ever Virtual Lecture Series on the theme 'AI for Public Health: Potential and Challenges in Low Resource Settings'.
The objective is to bring in multi-stakeholder perspectives on the topic, by examining different cases, opportunities, constraints or challenges, faced in the application of artificial intelligence in public health, in both India and Canada.
