

Professor Madhav Badami has a joint appointment in the School of Urban Planning and the McGill School of Environment at McGill University. He is also a core faculty member in the inter-faculty BA&Sc programme in Sustainability, Science and Society at McGill.

After having studied mechanical engineering at the Indian Institute of Technology, Madras, he spent nine years in diesel engine development in the Indian truck and bus industry. He then obtained a Master's degree in environmental science at the University of Calgary, and a PhD in environmental policy and planning at the University of British Columbia.

His teaching and research interests are in the areas of environmental policy and planning; urban transport; alternative transport fuels; urban infrastructure and services; and environment and development.
