Department of Sociology

Department of Sociology established in 1969, is one of the major departments of the University of Kerala and is the epitome of teaching and research in Sociology in the State. Department of Sociology provides every student the space and freedom for their fullest expression, curricular and extra-curricular. Learning at the Department develops analytical and articulation skills, logical thinking and positive outlook. It opens a plethora of opportunities to the students. The students of the department make excellent achievements and are well placed in prestigious organizations and institutions.

Shastri Indo-Canadian Institute

Named after former Prime Minister of India, Lal Bahadur Shastri, the Shastri Indo-Canadian Institute (SICI) was created in 1968, with the objective to improve the quality of life of the peoples of Canada and India by building and strengthening intellectual and cultural linkages through research, dialogue and exchange. The Institute supports the creation of binational links between academia, government, the business community and civil society organizations by funding research and hosting seminars. It provides grants as well as internships and fellowships to provide opportunities for individuals to gain first-hand experience in India or Canada in their field of expertise. Furthermore, the Institute serves as a liaison between educational institutions and the Indian diaspora in Canada. Started in 2018, the Golden Jubilee Conference and Lecture Series Grant (GJCLSG), is part of SICI's golden jubilee programme series, which aims to encourage its members to build-up bi-national component in collaboration with other institutions.
